Pirtle Construction Company
5700 Griffin Rd.
Davie, FL 33314

To Whom It May Concern:

It is with great pleasure that I recommend Pirtle Construction Company as a professional construction management firm. Our work experience with Pirtle over the past seven years has been outstanding. Their construction management and design build teams, as well as their accounting personnel, are committed to providing their sub-contractors with the leadership needed to provide the owner with the best quality and value in the construction industry. It's a pleasure working with such a dedicated construction team.

As a woman-owned, minority business, we can appreciate the friendly business relationship we have had with Mr. Pirtle. His integrity and knowledge of the construction industry are some of the many qualities we admire. Because he trusts the work of Applegate Interiors, Inc., he assists us in obtaining necessary bonding requirements for specific jobs. When the leaders at our business suggest cutting-edge or tried-and-true materials or technology, he ensures that his staff listens to our suggestions. By allowing us to have a strong role in the construction of his projects, his business and ours have worked as a team to provide clients with superior products.

The most recent projects that we have had the pleasure of working on their team are West Broward High School, Glades Middle School, and Dolphin Bay Elementary in Broward County, FL; Martin County High School in Martin County, FL; and Allamanda Elementary School in Palm Beach County, FL.

We highly recommend Pirtle Construction Company to any organization seeking to establish a professional partnership with a construction company who adheres to high standards of timeliness, professionalism, and quality from the commencement to the completion of a project.

Sincerely,

Carole M. Applegate
