Re: State School LLL

Dear Mr. Pirtle,

This letter is to show our great appreciation for all that you have done and continue to do to help our company. You have helped us tremendously on the above project as well as many other projects by breaking up the contract into three scopes instead of one lump sum. This made it much easier for us to get bonded.

It is a pleasure to work with your company. We appreciate your honesty, professionalism and ongoing drive to assist others working with you. I believe this is what has made your company so successful and this will continue to take your company a very long way in this business. We definitely need more companies like you in our industry.

Sincerely,

A handwritten signature in blue ink that reads "Stanford Amritt".
